\* SPOT = cash market // FUTURES = contract expiry

\*\* These spreads are our typical spreads, and may be wider, especially overnight

\*\*\* Contract will expire on settlement day of the individual product and will not roll automatically at the end of the trading period. Clients must open a new position manually on the next month's contract if they would like to continue trading the individual market. The information given in this document is correct at the time of publication. We reserve the right to change its contents at any time. For up to date information on current spreads or margins please refer to the trading platform or call the Support desk. Please be aware that spreads may be subject to change due to market conditions, which may affect your margin requirements.
